

JOIN US ON THE ROUTE

Join us on the route. Being part of the journey is an opportunity to join with others travelling, praying, and advocating for climate justice this year as we #RiseToTheMoment.

For each of the 20 Route Sections we need -

- A Route Section Team Leader (RSTL) to coordinate volunteers

On each of the days of walking we need -

- 2 Lead Walkers (central point of contact and navigator for each a walking day, ideally walking multiple days)
- Walkers
- Accommodation for at least 2 lead walkers (Anything from space on the floor for a roll mat up to plush rooms with en-suites accepted, and we are looking for church-hall floor type hosts for some limited multi-day pilgrimages so please let us know!)
- On-Call Support to transport bags, food and other supplies, as well as being on-call to transport walkers off-route if they become injured later in the day

We're also looking for volunteers to -

- Help with detailed route planning well in advance of the routes being walked (sense-checking and adding detail to the outline route)
- Organise Meet & Greets (welcoming walkers as they arrive at villages/towns along the route)
- Plan local events and get others in their area involved (we'd love people to organise local events as the relay passes through, and we will share a local celebration guide with you to facilitate this)

Rise to the Moment

Our Residency Hubs will be in -

- Exeter
- Bristol
- Reading
- London
- Oxford
- Birmingham
- Manchester
- York
- Newcastle
- Edinburgh

TRIBUTARIES

Tributaries are suggested additions to the main route. We welcome people arranging tributaries for parts of the country that aren't already covered by our route, although we cannot offer help to organise these. These routes can be walked/cycled/journeyed in other imaginative ways! There are a few suggested tributaries in one of the sections of our sign up form.

RESIDENCY HUBS

Join us at one of 10 Residency hubs at main cities along the route. Organising events at each of these stops is a major way of us advocating for climate justice this year as we #RiseToTheMoment.

This could be a case of teaming up with organisations locally to put on a whole series of events, getting key figures involved, using local media and publicity, and meeting with local politicians. If there isn't capacity, it will simply be a case of making sure the boat has somewhere to stay, being a point of contact, and organising a simple prayer vigil or other event. It's up to you to determine the scale.

For each of the 10 Residency Hubs we need -

- A Residency Hub Team Leader (RHTL) to coordinate an event(s)
- A Residency Host (a main contact for a church or venue to host our boat during the residency - this could be the same person as the RHTL).

We're also looking for volunteers to -

- Help us transport the boat
- Support the RHTLs in whatever ways they are able to.

OTHER WAYS TO PARTICIPATE

There are lots of other ways to participate (including if you don't live along the route!)

We're looking for volunteers to -

- Help with content creation (for both social media and for local/regional/national media)
- Help with media involvement
- Engage with politicians and decision-makers
- Help with global engagement
- Run virtual events
- Organise local events around the country
- Offer digital support
- Offer organisational/admin support
